

## SKYLIGHT PROTECTION SYSTEM

# MOBI

## Mobile skylight fall-through protection

The MOBI mobile skylight fall-through protection from INNOTECH, made from high-strength polypropylene, is used as a fall-through protection system, and also as a single anchor point for one person.

- For the temporary protection of skylights
- Can additionally be used as a single anchor point
- Simple and quick installation by means of holding straps
- Attached by a lashing strap to the skylight – causes no damage to the skylight

It guarantees ideal safety, especially for clearing or maintenance work, and is extremely practical and simple to use.

- Optimum for short-term tasks
- Certification to the latest state of the art:

EN 1263-1  
EN 795:2012 TYPE B
